WARRANTY

RETI offers a **one-year warranty** for this product. These warranties apply to the original owner with a proof of purchase. These warranties begin on the date of purchase by the first retail consumer and continue for the period specified above. These warranties apply to products that are not modified, abused or used in a manner that deviates from the product's intended usage. Minor fading in color is normal and is not covered by warranty. Any corrosion of painted surfaces that occurs as a result of paint being removed or damaged is also not covered by warranty. RETI offers no other warranty expressed or implied. Products for which warranty work has been approved must be sent directly to RETI and performed by RETI. **To obtain warranty service and/or replacement instructions, you must obtain prior approval from RETI before shipping your package to us by calling our customer service department at 800-345-6007 or by writing to: Ardisam, Inc., P.O. Box 755, 1730 Industrial Avenue, Cumberland, WI 54829 for a return material authorization number (RMA#).** All items must be shipped prepaid. RETI will, at no charge, repair or replace, in RETI's sole discretion, any product that satisfies the conditions stated above. RETI retains the right to change models, specifications and price without notice.

This equipment has been manufactured under strict quality and safety guidelines. As with any equipment of this type, full understanding of the instructions and its use is mandatory and imperative for the safety of its user. RETI is not responsible for any damages or injuries sustained due to improper use or modification of any of its products, or resulting from any use which deviates from the product's intended usage. RETI is not responsible for any injuries sustained due to failure to read and adhere to the instructions for use. Any misunderstanding or questions regarding the products or their use should be directed to RETI prior to any use. **All RETI treestands are sold with a full body harness ("Fall Arrest System") that meets standards recognized by the Treestand Manufacturer's Association ("TMA").** It is the owner's sole responsibility to inspect the product regularly for damage, improper installation, or conditions that could jeopardize the ultimate safety of the product. Failure to use with a Fall Arrest System may result in serious injury or death. **Owner is responsible to understand and follow product field weight rating and must never exceed maximum weight rating.** RETI is not responsible for any malfunction or injury resulting from normal wear and tear, damage caused by improper use, improper maintenance, negligence or accidents. This product, if used safely as intended, will provide trouble free service for the useful life of the product. We hope you will enjoy the quality of our products for years to come, and have a safe hunt.

! WARNING

- ▲ **Always** be physically fit, mentally alert, and well-rested before using this product.
- ▲ **Always** read, understand and follow all warnings and instructions before use and save for future reference.
- ▲ Recommended for adult use only.
- ▲ Inspect ground seat for missing parts, all hardware condition, and damage before every application; replace if necessary.
- ▲ **Always** remove ground seat after every use; store product indoors.
- ▲ Only use approved RETI replacement parts.
- ▲ **Always** inform someone of the hunting location, where the ground seat will be located and the expected duration of the hunt.
- ▲ **Always** carry a signal device such as a mobile phone, radio, whistle, signal flare or personal locator device (PLD) and it must be readily available at all times.
- ▲ **Always** inspect the ground seat and all safety devices each time before use and do not store a ground seat outdoors when not in use.
- ▲ **Never** sleep in a ground seat.
- ▲ **Never** exceed the total field rating of 300 lb.
- ▲ **Never** attach to a dead, odd-shaped, leaning, diseased, loose barked trees or utility poles.
- ▲ **Never** use on trees with a diameter smaller than 8 inches or no larger than 20 inches.
- ▲ **Never** use a treestand/ground seat during inclement weather such as rain, lightning, windstorms or icy conditions and end your hunt if inclement conditions arise.
- ▲ **Never** alter the original design of your ground seat.
- ▲ **Never** jump on or use in a careless manner.
- ▲ **Never** lean out over edge of device.
- ▲ **Never** use when intoxicated or using over-the-counter medication or prescription drugs.
- ▲ **Never** use a damaged product; instead, replace with new seat.
- ▲ **Never** loan your ground seat to someone else.
- ▲ **Never** stand on the seat, it is designed for sitting only.
- ▲ **Never** use a ground seat when feeling ill, nauseous or dizzy, or if you have a prior medical condition that could cause a problem, i.e., heart condition, joints that lock-up, spinal fusion, etc. or if your are not well-rested.
- ▲ **Never** jump or bounce on a ground seat to seat it to the tree.

! WARNING

- ▲ This tree seat is designed to be used at a height that allows the user's feet to be on the ground at all times when in use. Use as a ground seat only. Failure to follow all instructions provided and use as a ground seat only may result in serious injury or death!
- ▲ Read, understand and follow all assembly, inspection, maintenance, and use instructions provided before each use. Failure to follow all warnings and instructions could result in serious injury or death.
- ▲ Do not crush tubing when tightening bolt assemblies! Identify and familiarize yourself with all parts before you start.
- ▲ If any instructions are not understood or if you have a parts issue call (800) 345-6007 before using.
- ▲ Do not exceed the total field rating - 300 lbs.
- ▲ Double check assembly steps to be certain you have correctly assembled this product.
- ▲ Study your new tree seat to become familiar with all of its features and design. At ground level, following provided use instructions, practice attaching ground seat to tree and removing from tree. Save these instructions for future reference.
- ▲ **Never** attach ground seat to a dead, odd-shaped, leaning, diseased, loose-barked tree or utility poles.
- ▲ Read and perform all maintenance tasks as described in inspection and maintenance.

INSPECTION AND MAINTENANCE

BEFORE EACH USE PERFORM THE FOLLOWING:

- Inspect all webbing, rope, cord, and strap assemblies for wear or damage.
- Inspect cables and cable ends for damage or kinking.
- Inspect all hardware and chain components for damage.
- Inspect for any structural damage to product. (Return to factory for repair or discard product if any damage is found.)
- Inspect all nut and bolt assemblies to be certain none are loose.
- Inspect for any missing parts.
- Lubricate all pivot and slide together points with powder graphite to prevent noise, wear, and rust.
- Inspect entire product for any rust, corrosion, cracks, freezing, excessive heat, or rotting damage that may effect the safety of your product. Discard any questionable product.
- Inspect entire product for any structural damage - pay close attention to all weld locations. (Return to factory for repair or discard product if any damage is found.)
- Using correct wrenches inspect all nut & bolt assembly locations and snug up any that may be loose. Be careful not to crush tubing when tightening!
- Inspect and check operation of all cables, cable ends, cord, rope, webbing, and strap or chain assemblies. Replace with factory new any item or assembly that shows signs of wear, damage, kinking, or functions incorrectly.
- Inspect seat. Replace any seat with factory new that shows signs of structural damage or wear.
- Inspect all hardware for wear or damage, also be sure you have no missing parts.
- Never modify your stand in any way by making repairs, replacing parts, or altering adding or attaching anything to it except if explicitly authorized in writing by the manufacturer.

ASSEMBLY INSTRUCTIONS

TOOLS NEEDED – TWO 7/16" WRENCHES

1. Attach the tree hugger (3) to the seat frame (4) using one 1/4-20 x 2-1/4 IN bolt (5), nut (9) and washer (7). **SEE FIGURE 1. TIGHTEN SECURELY.**
 2. Attach the backrest (2) to the seat frame (4) using two 1/4-20 x 1-3/4 IN bolts (6) and nuts (9). **SEE FIGURE 1. TIGHTEN SECURELY!**
- NOTE: Pay special attention to orientation of both parts. SEE FIGURE 1.**
3. Attach the two armrest pads (12) to each arm rest portion of seat frame by wrapping around metal tubing and attaching hook and loop together with hook and loop on seat straps.
 4. Attach backrest portion of seat (11) to the backrest (2) by wrapping hook and loop straps around metal tubing and securing together.

FIGURE 1

! WARNING

- ▲ Perform these tasks before each and every use (replace any questionable components immediately with Rivers Edge® original replacement parts). **Do not** leave your ground seat outdoors - remove after each use and store indoors.
- ▲ Instructions should be kept in a safe place and reviewed at least annually.
- ▲ Replace any and all ground seat straps every two years or when any signs of damage or wear exist before.
- ▲ **Never** use any product that has not been maintained or inspected properly - your life depends on it!

SETUP AND USE INSTRUCTIONS

1. This tree seat is designed to be used at a height that allows the user's feet to be on the ground at all times when in use. Use as a ground seat only.
2. Attach the long strap to either upper corner of backrest frame. Wrap the loop end of strap around the backrest rim and feed opposite end of strap through the loop. Pull tight forming a cinch knot. This permanently attaches this strap to the backrest rim. **SEE FIGURE 2.**
3. Repeat step 2 for strap with ratchet by attaching it to the opposite upper corner of backrest rim. Wrap the loop end of strap around the backrest rim and feed the ratchet assembly through the loop. Pull tight forming a cinch knot. This permanently attaches this strap to the backrest rim. **SEE FIGURE 3.**
4. Standing on the ground, wrap long strap around tree and feed the long strap through the center (slot) of ratcheting mechanism and back around through tightening lever. **SEE FIGURE 4.**

NOTE: Be sure you feed the long strap correctly so there are no twists in the strap.

5. Pull tail of long strap until most of the slack is taken out. Be sure entire strap is even and at the same level all around tree. "Ratchet" tight to tree; this will securely attach the tree seat to tree and prevent movement. **SEE FIGURE 5.** Make sure all four contact points of frames are touching tree (two on tree hugger and two on backrest). Always test before sitting on the seat.

NOTE: To release ratchet, simply pull the release lever and open tightening lever wide open (flat).

6. Adjustment in height may be needed for comfort. Redo set-up instructions as necessary to achieve a comfortable seat height from the ground. Never attach this ground seat at a height that will not allow you to have both feet on the ground at all times during use.
7. Reverse setup and use instructions to take tree seat down.

FIGURE 4

FIGURE 5

WARNING

- ▲ **Do Not** allow excessive strap build-up in ratchet as this will prevent the ratchet teeth from engaging causing slippage.
- ▲ **Always** attach ratchet strap securely while using this product.
- ▲ **Never** stand on ground seat; it is designed for sitting only.
